About PEC

Panimalar Engineering College is a Christian Minority Institution of higher Education meant for the aspiring youth and comes under the direction of the JaiSakthi Eductational Trust. The college is Accredited by National Board of Accreditation (NBA), New Delhi an ISO 9001:2000 certified Institution located near Poonamallee, Chennai, inculcates a spirit of learning and discipline in a campus that offers top class facilities to its students. It ensures that an all round development is imparted to every student that enters the portals of the Panimalar college, for sufficient focus is given to develop their communication and analytical skills. Spread across 127 acres of lush greenery the college hosts the best infrastructure, thus making the campus life both an educative and enjoyable one for the student The training and placement cell place an vital role in organizing the campus recruitment process for the students.

About the Department

Department of Computer Science and Engineering was started in the academic year 2000. The Department is accredited by NBA, New Delhi, for three years. The Department has excellent infrastructure facilities with well equipped Computer Centre, Library, Internet facility (4 Mbps speed) and 28 qualified and experienced faculty members in the fields of Distributed Computing, Data Mining, Image Processing, Neural Network, Networking, Software Engineering etc. It has consistently maintained high level of academic and research standards. The Department is approved by AICTE, and Affiliated to Anna University.

Road to PEC

The institution is located 22km from Chennai on Bangalore Trunk Road. It is well-connected by road from Chennai.

About the Conference

The Conference (NCACN '09) aims to bring out and share innovative ideas in the new and emerging technologies. The goal of the conference is to bring together researchers, academicians, students and industrial experts under a single roof. Besides, the conference also provides a premier forum for the promulgation of ideas about the resent technologies in the field of "Advanced Computing". Moreover it also seeks to highlight the current issues and future directions in the field of computing and networking for the research beginners.

Call for Papers

PG Students, Research scholars, Academicians and other professionals are invited to present their original papers. All submissions must describe original results that are neither published nor currently under review by another conference or journal. The topics include but not limited to

- Intelligent Agents Technologies
- Artificial Intelligence & Robotics
- Grid, Parallel , Cloud and Distributed Computing
- Soft Computing (Neural, Fuzzy and Rough sets)
- Software Engineering
- Data mining & Warehousing
- Image Processing and Pattern recognition

Submission

Prospective participants are invited to submit a paper of their original contribution by email and surface mail to the convener. The paper should be in IEEE standard format typed in MS-Word format and PDF Format. Further the paper should contain Author's affiliation, corresponding author, keywords and E-mail ID. Participants should submit 2 Hard copies + 1 Soft copy (in CD) of their papers in the format prescribed above. The authors of selected papers should register for participation. The papers of the registered candidates will only be published in the conference proceedings.
